## Aims and Scope

Majestic International Journal of AI Innovations (MIJAI) is a peer-reviewed journal that publishes high-quality research in Artificial Intelligence, focusing on innovation and practical applications. It serves as a global platform bridging academia, industry, and policy to advance AI and digital technologies. The journal promotes interdisciplinary research and explores the ethical, legal, and socio-economic impacts of AI-driven transformation.

# Call for Papers

MIJAI cordially invites submissions of original research articles, review papers, short communications, and perspectives that advance knowledge in Artificial Intelligence and its applications.

The journal focuses on innovative AI research, interdisciplinary studies, and practical solutions across industry, healthcare, cybersecurity, and digital technologies, while also addressing ethical, legal, and socio-economic implications of AI-driven transformation.

JOURNAL METRICS	
Final Decision	45 days
Publication Type	Peer Reviewed
Publishing Model	Open Access
Journal Category	AI Innovations
