Aims and Scope

The Majestic American Journal of Food Science (MAJFS) is a peer-reviewed journal dedicated to publishing high-quality research in various fields of food science. It follows an interdisciplinary approach covering food chemistry, microbiology, engineering, and technology. The journal aims to advance knowledge that improves food safety, quality, and sustainability while supporting the global scientific community in addressing modern challenges related to food, nutrition, and public health.

Call for Papers

The Majestic American Journal of Food Science (MAJFS) cordially invites researchers, academicians, food technologists, nutritionists and dietitians, public professionals, faculty members, and food industry experts to submit original research articles, review papers, case studies, short communications, and perspectives that advance knowledge in the field of food science and technology, nutrition, and other interdisciplinary fields.

JOURNAL METRICS

Final Decision	45 days
Publication Type	Peer Reviewed
Publishing Model	Open Access
Journal Category	Food Science and Technology
Article Processing Charge	All articles published in this Volume will be free of charge

Recommended topics for submission

- ▶ Emerging Trends in Food Science and Technology
- ▶ Raw Materials and Post-Harvest Technology
- ▶ Food Toxicology and Risk Assessment
- ▶ Food Chemistry and Biochemistry
- ▶ Food Processing and Engineering
- ▶ Food Microbiology and Safety
- ▶ Nutrition and Functional Foods
- ▶ Food Packaging and Storage
- ▶ Sustainable Food Systems
- ▶ Food Biotechnology
